## *Underground*

Basements. Are you lucky enough to have living space underground?

Basements are hot spots for organizing. Toys. Holiday decorations.

Keepsakes. Tools. Photos- eek!  
Critters. Everything collects in the  
basement.

I hate for your home's square footage  
to go to waste.

Even if yours is a "scary basement",  
maybe especially if it is, it's important  
to make sure that it's dry, critter-  
proof, and a healthy place. If we can  
make it pretty and a place people  
want to be, maybe that media room  
you've always wanted, all the better.

If you tackle your basement, you  
might find some old documents to  
shred. April and May are the busy  
season for free and community  
shredding events. Click on our updated listings below.

Check out the **amazing basement makeover** reveal, including this  
beautiful exposed rock wall, and let me know if we can help you with your  
underground.
