~ Email to request a presentation closer to you. ~

Build Something

When was the last time you built something? With power tools?

It feels good to make something
with your own hands, and to stand
back and say, *Look at what I did!*

It's not always as glamorous as raising a whole wall, just sayin'.

If you have the urge to build something real, please come to our Habitat for Humanity company build day on 10/27. My staffers, business partners, followers and clients are going to work together to build a house. Well, part of a house, anyway.

Here's how you sign up to join us on 10/27:

1. Go to our scheduling site: [VolunteerLOCAL](#)
2. Click "**Team Volunteer Days**" and then scroll down to 10/27.
3. Click on **DARLA DEMORROW Group**.
4. Keep scrolling to the bottom to enter your information and complete the **DIGITAL SIGNATURE** for the **DISCLAIMER/LIABILITY WAIVER**.
5. CLICK - **SIGN UP TO VOLUNTEER!**
6. Watch your email for a confirmation email.

I still have friendships from the day we built that wall in Norristown! I've been so impressed with the mission and accomplishments of our local Habitat that my company has made a \$15K commitment for 2017. We're tallying up the % of September's appointments that will be donated. [Will you also make a donation to Habitat this year to help us reach our goal?](#) Please earmark it with "HeartWork Organizing" to help us reach our goal for Habitat.

What about YOUR house? Are you taking care of it like you want to? On October 10, we're hosting a free 30 minute phone call and webinar to introduce you to HomeZada. It's an app that we've been working with for years to help track and maintain your home's assets. It's really a great way to protect your largest investment.

- Keep track of what you own and where

- Reduce clutter by storing receipts and manuals online
- Maintain your home better with useful maintenance reminders
- Track home improvement projects and track renovation \$\$\$
- Protect your stuff with a complete home inventory, for insurance
- Easily pass on important info to new owners when you sell

If this all seems complex, **[you are going to be surprised at how easy and elegant HomeZada makes it. RSVP now.](#)**

If there's a blessing in this fall's extreme weather, it's to get you to finally create that home inventory.

Still just trying to dig yourself out of clutter since the kids went back to school? Or trying to get your car in the garage before winter? **[Click now to schedule your organizing appointment.](#)**

Equifax Releases Details on Cybersecurity Incident, Announces Personnel Changes

September 19, 2017

WASHINGTON — As part of the company's ongoing review of the cybersecurity incident announced September 7, 2017, Equifax Inc. (NYSE:EFX) today made personnel changes and released additional information regarding its preliminary findings about the incident.

The company announced that the Chief Information Officer and Chief Security Officer are exiting. Mark Schmeider has been appointed as the Chief Information Officer. Mr. Schmeider joined Equifax in 2012 and has over 20 years of information technology experience.
