The Horsham ReStore at 200 Blair Mill Road

Move over Marie Kondo. Philadelphia's own organizing guru, Darla DeMorrow of [HeartWork Organizing](#) is coming to the [Horsham ReStore](#) to help local residents with tips, tools and projects to make organizing simple. Want to take back your household spaces

that are buried with paper? Want to repurpose household objects to make organizing easy and beautiful? How about turning the wasted space under your bed into prime real estate? Darla will show you how in three free workshops scheduled for 10:30 am on March 22, April 12 and May 17, 2019. To register for a workshop, email .

Many household organizing problems can be solved with a tiny price tag with things you repurpose from your own home or from the ReStore. Located at 200 Blair Mill Road in Horsham, the ReStore sells donated home improvement items at a fraction of the retail price. Every purchase helps [Habitat MontDelco](#) construct homes for affordable homeownership, provide critical repairs, revitalize neighborhoods, and support financial literacy classes in Montgomery and Delaware Counties.

In DeMorrow's first workshop, "Spark Joy Without Breaking the Bank" on Friday, March 22, participants will learn designer secrets to using upcycled and recycled household items to make organizing beautiful, and learn a Certified Professional Organizer's secrets to making organizing easy.

"Tidy Up Paperwork" on April 12, 2019 will teach the basics of keeping a household paper management system. DeMorrow will show you how to clear your counters in just an hour and get papers organized, once and for all. Bring a small stack of papers to set up your own simple paper-management system.

The third workshop, “Roll with It: Make an Under Bed Organizer” will teach how to upcycle a perfectly good drawer into an adorable organizing tray. Attendees will get hands-on with tools, paint, and accessories for a personalized functional storage solution to love.

“Every time I visit the ReStore I find supplies to get organized. Many are in near-perfect condition and some just need a little imagination,” said DeMorrow. “You could spend hundreds of dollars at traditional retail stores for unattractive plastic that breaks. But at the ReStore, I’m going to show people how to turn high-quality materials like silver bowls, vintage china, and real wood drawers into durable and attractive organizing tools . . . at a discount.”

The workshops are free, but donations to cover the cost of materials are welcome. Advance registration is requested and a shopping discount will be offered to those who register at least 24 hours before each workshop. Also, a free copy of DeMorrow’s best-selling book, *Organizing Your Home with SORT and Succeed*, will be provided to the first 15 registrants for each workshop date.

The Horsham ReStore is always chock full of new and gently-used appliances, building materials, cabinets, doors, flooring, furniture, hardware, housewares, lighting, plumbing, tools and windows. It is open from 10 am to 7 pm Wednesday through Saturday and 11 am to 5 pm on Sunday. Visit [www.RestoreHorsham.org](http://www.RestoreHorsham.org) for more information.

“The ReStore is ideal for shoppers looking for great deals, and it’s great for the environment, too,” said Larry Leary, Director of ReStore Operations. “All items are

donated so we're keeping perfectly good materials out of local landfills. People who are decluttering love that we offer free pickup of useful appliances, construction remnants, and furniture in good condition. People who are making household changes on a budget love that they get great deals on nice items, and they contribute to our mission with every purchase."
